

Guidelines for Contributions;

Please include your group number, or identify yourself as an AA member. Our fellowship cannot accept contributions from non AA sources.

GSO wastes a large portion of our donations every year trying to confirm that they did indeed come from within our fellowship. Donations which cannot be verified are refused, or returned.

Additionally there are annual limits on personal donations and sums left in wills and last testaments. See the GSO site for additional information

We are self supporting through our own contributions
